TRAINING & PLACEMENTS

EMBEDDED ‘C’

Master in Embedded ‘C’ (MEC) is a Flagship course conducted by our Institution ISM UNIV; it's an interesting course which prepares you as matured Embedded Engineer, and puts you in future track. It's designed carefully to utilize the study period effectively and train you to the skills essentially required by an Embedded Engineer, we provide relevant training as required by the Industry. We are one of the best Embedded Systems Training Institution in India.

ISM UNIV is one of the Best Embedded Systems and IoT course Training Institute Bangalore, Hyderabad in India offering world class training with excellent Placements. This course takes you from Basics of Embedded Systems and IoT to Most advanced concepts of Embedded Systems and IoT. After Successful Completion this course the participants will be able to Develop Embedded Systems and IoT Device Independently with maturity.

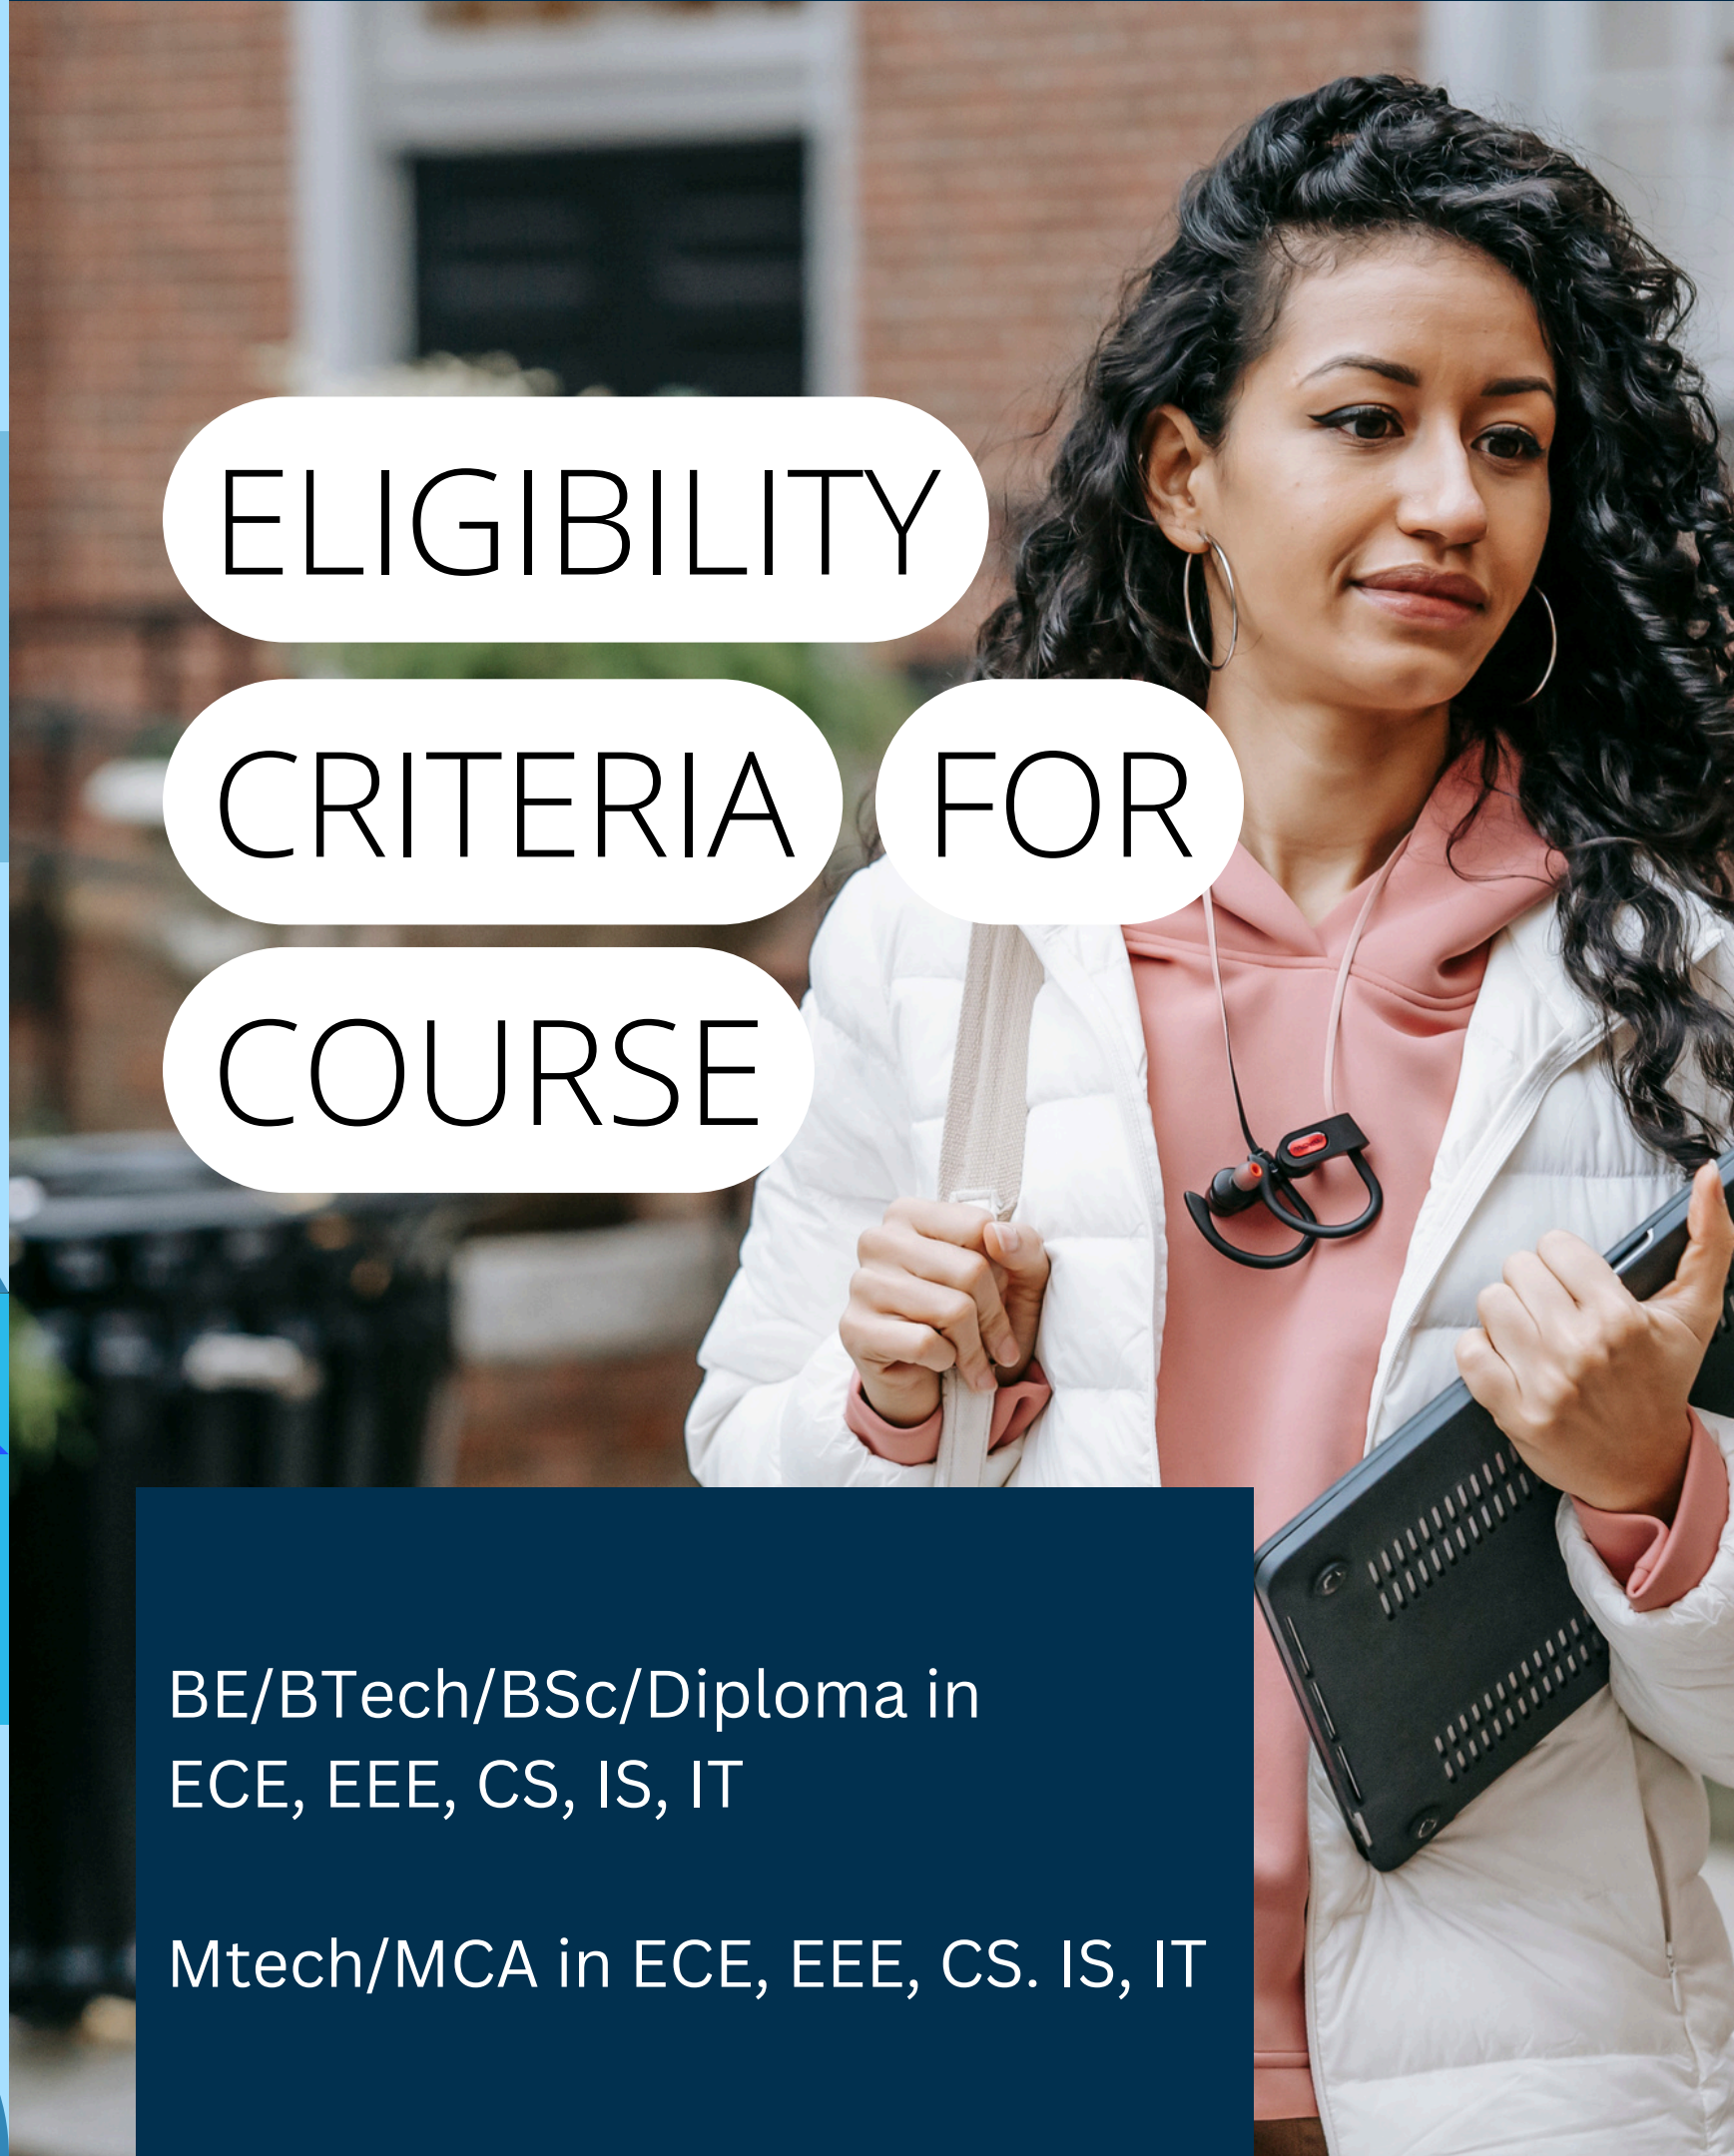

COURSE CONTENT

- Introduction to Embedded Systems and IoT
- Basic & Advanced C
- ATMega 328 Architecture & Programming
- ARM CORTEX Architecture & Programming
- Embedded Protocols (IPv6, CAN, I2C, SPI, RS-232)
- Sensors and Actuators for IoT
- Technology Boot-strap
- Projects Based On
  1. ATMEGA 328
  2. ARM Cortex
  3. Embedded Protocol

ELIGIBILITY CRITERIA FOR COURSE

BE/BTech/BSc/Diploma in
ECE, EEE, CS, IS, IT

Mtech/MCA in ECE, EEE, CS. IS, IT

OUR VALUE ADDITION

- ☑ 05 e-learning courses
- ☑ Soft copy of all software used in the course
- ☑ Access to E-library during course period
- ☑ Aptitude practice sessions
- ☑ Soft-skill sessions

COURSE DURATION

300 Hrs (75 Working days, 3 months)

COURSE INCLUDES

1- 80% Instructor lead + 20% online Training

2- Course Materials

3- Certificate

4- 100% Genuine Placements

5- Interview Preparations

ADMISSION PROCESS

1- Register

2- Submit duely filled admission form

3- Fee Payment

4- Obtain Admission card

COURSE OUTCOME

Master in Embedded ‘C’ Prepares you to the industry, This course Trains you on all the essentials skills required to develop Embedded Systems Projects.

After successful completion of the course you would be able to execute any Embedded Project individually with maturity.

WHO SHOULD JOIN THIS COURSE

- Engineers who are looking for their 1st Job
- Professionals who are working on Embedded
- Anyone who is interested in becomming Embedded & IoT Developer

3 PROJECTS

Master in Embedded Systems and IoT course ha 3 Projects to be completed by students before their course completion. These Projects are REAL TIME created by Project Managers & Architects from relevant Organizations, Professionals from Embedded Industry. The Projects will be based 5 different Technologies:

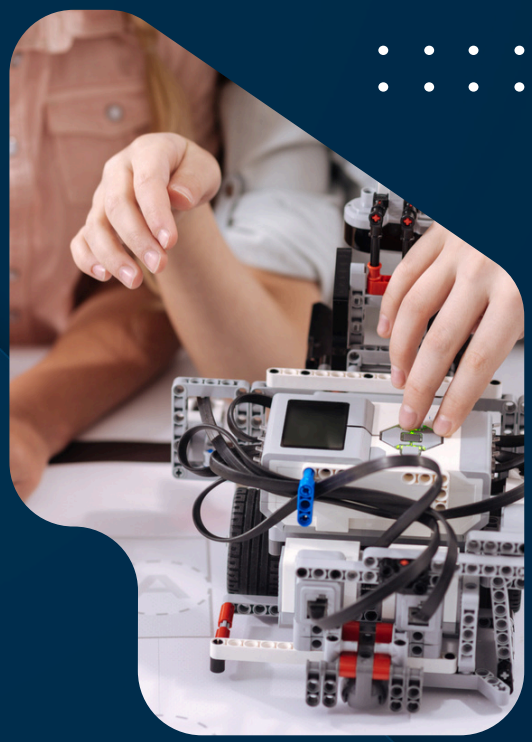

1- Implementing an Algorithm using C

2- Control System Design using ATmega 328

3- Data Processing Systems using ARM Cortex

SKILLS YOU WILL LEARN

- C Programming
- Embedded C Programming
- ATMega Microcontroller programming
- ARM Cortex Programming
- Sensor & Actuator Calibrations & Interfacing
- Driving SPI,RS-232,12C,CAN

EXCELLENT PLACEMENTS AT ISM UNIV

- Placements Start From Day-1 Of The Course And After The Course Also.
- No Fixed No Of Interviews, Interviews Until You Get Job
- Placements From MNC’s, MSI , Startups Etc.
- Professional Training On Interview Preparations.
- Placements Across India

EXCELLENT PLACEMENTS AT ISM UNIV

ISM UNIV Excellent Placements 100%: We are a proud Institution having helped most of our students in their career-building process. We conduct minimum 24 interviews per month and place students. Which is genuinely far ahead of any of our competitors.

We have a client base across India and abroad, we work with MNC's and IT, we cater to all our clients with trained manpower and we ensure our client satisfied with the manpower supplied. We ensure this with Quality training.

We provide 100% genuine placement assistance and guidance and help You to begin an innovative career.

We promise you that we provide interviews until you get a job. We have placed 15000+ students so far.

ISM UNIV Provides Excellent Placements from day-1 of the course

CEO's Message

I as Founder & CEO of this Organization have thoroughly enjoying the company of my colleagues who are very supportive and receive all my decisions positively and work passively towards our goal, I take this moment to Thank them all.

Training Young minds is a responsibility and great privilege, Our Institution is student centric, pro-student is the driver of every decisions and actions we take. We continue to authentic Training with excellent Placement support to all students who are trained by ISM UNIV.

I invite you to Join ISM UNIV to avail quality training with excellent placement support I promise that you will build a successful professional Career and ensure that you feel proud to be student of ISM UNIV.

OUR GOAL & MISSION

Develop Students Skill level to meet the requirements of the industry and guide them to a Positive Career.

Your Job is the Priority at ISM UNIV
